9th Grade
Survival Project

It is time for you to tell us more about the ways YOU believe are the best to help anyone survive in any particular situation.

For this project, you will have to use an app or a program on the web to create a video capsule which you will appear in. Your video capsule MUST last between 4 and 6 minutes, so your teammate and yourself must divide the time equally.

You must:

- o Choose a particular situation which you would like to give pieces of survival advice for (e.g.: plane crash, lost in forest, tsunami, etc.) and DESCRIBE it**
- o Give us your 5 to 6 best tricks to survive in the context you have chosen to work on**
- o Show us examples of those tricks, give us details o Be as creative and original as possible**

Project Due Date: November 14th, 2024
