Make sure you are fully prepared and have everything ready before the presentation date. Good luck!
IT		Students will define ` data points ` as individual pieces of information within a ` dataset ` and explain their importance in making informed decisions. They will practice identifying ` relevant data ` by analyzing a sample dataset and filtering out irrelevant information. Finally, students will apply ` data validation rules ` in Microsoft Excel to ensure the integrity and accuracy of new data being entered.			
PE			Underhand serve in volleyball		
Music		اغنية بامعلمنا ومراجعة الايقاعات		اغنية بامعلمنا ومراجعته الايقاعات
